

Executive Elections Are Looming!

On the 28th Feb—4th March the Union will be holding it's annual Executive Elections, where the students get to decided who they want to run their Union next year. The Executive is made up of five full-time elected officers who deal with the day-to-day running of the Union and the majority of policy and strategy decisions.

Over the past two the Union Executive has worked tremendously hard to building engagement and representation of our Distance Learner and Part-Time Student community. Thus,. This year we are making a special effort to encourage both DLs and P/Ts to become more involved with the elections and have their voice heard by casting their vote, and of course as members of the Union, you are fully entitled to stand for election.

The February edition of this newsletter will have all information you need about nominations and how the process works. If you have any questions at all about the elections please feel free to contact Ian Bruce (irb2@le.ac.uk)

Introducing... Alex Nutt—Academic Affairs Officer

For many of you exams and dissertations will be looming and we at the Students' Union wish you all the best and want to assist in any way that we can. So we bring you— Alex Nutt!

Alex is the Union's Academic Affairs Officer to oversees the Education Unit, who offer free and impartial education advice. This can range from revision tips to helping you appeal for your exam paper to be remarked.

Alex is also the lead representative between the University and the Union, so is a very good resource if you have any questions regarding how the University runs or how to get something done.

Alex can be reached by e-mail—alex@leicesterunion.com and will be happy to deal with most questions.
