On 6<sup>th</sup> November, University of Leicester Students' Union invited its members to learn more about the proposed changes from the governance review that was conducted over the past year.

## Introduction of Special Resolution

The meeting started with the Students' Union chair, Victoria Boulton, inviting attendees to register their attendance using a QR code or a sign-up form. Victoria then confirmed that the meeting was quorate. Then, the Executive Officer team introduced what a General Meeting is and why the meeting was taking place.

## Discussion and vote on Special Resolution

Next, the Executive Officer team brought a special resolution where any students in attendance could vote on the future of the Students' Union. The special resolution proposed changes to the Articles of Association and By-Laws, the officer structure and officer role descriptions, and the creation of a Policy Sub-Committee. This was explained in detail, and a [video](#) summarising the key changes was played. Following this, there was a period of questions where the CEO, Liam Davis, and the Executive Officers clarified any queries from students about the special resolution and the impacts this would have.

Victoria invited all members in attendance to vote on the special resolution before the poll closed. The results were not announced in the meeting, but it is confirmed by Students' Union Staff that the special resolution passed with 78% of votes in favour of the special resolution.

## Student-Staff Personal Relationships

Next, Reed James, the Community and Wellbeing Officer, invited students to fill out a [survey](#) regarding student-staff personal relationships to garner feedback for a current project.

## Students' Union Strategy

Finally, Liam Davis, CEO of the Students' Union, explained that the Students' Union strategy was in the process of being updated, and he invited students to [provide feedback](#) on what the Students' Union Strategy could include and what the Students' Union's priorities should be.
